

REMARKS

This Supplemental Amendment is submitted to replace the amendments to the specification section previously submitted in the Response filed on September 21, 2005. The new amendments to the specification as presented herewith correct formatting and typographical errors that occurred in the previous Response. Applicants submit that the specification as amended corrects the sequence disclosures to comply with the requirements of 37 CFR 1.821-1.825, and corrects the Brief Description of the Drawings section to match the drawing identifiers with the drawings. No new matter has been added and no further amendments to the claims are presented. Withdrawal of these grounds for objection is respectfully requested.

CONCLUSION

However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
